

OUTDOOR ADVENTURE

THE MULTI ACTIVITY ADVENTURE FOR EVERYONE

EXHILARATING,
FUN & SAFE!

The perfect balance between activity and fun. Exhilarating and exciting, our Outdoor Adventure combines unique activities with the impressive scenery of Boca de la Sierra, a UNESCO protected biosphere reserve, to create an unforgettable adventure.

After a scenic journey along the coastline of Los Cabos, a warm welcome is received at our rustic eco-friendly Base Camp. With over 8 years of experience in Mexico, our friendly and bilingual guides have over 250 hours of training. They will suit you up with the safest equipment in the world – used by world class mountaineers – internationally recognized, certified, inspected and qualified.

Fly on zip-lines across impressive canyons; step along the Commando Bridge on your way to the Tarzan Swing and the Crazy Ladder. Learn easy rock climbing skills and test them on the Rock Wall, walk over the hanging bridge and descend a 90ft rappel; compete with your friends on the exclusive double zip-lines, and finally take our “monster” zip line of over 550 meters for a rewarding return to our rustic Base Camp where you will enjoy energizing sandwiches, fruits and chips with salsa.

5-6 HOURS

18 DIFFERENT ACTIVITIES

UNESCO PROTECTED BIOSPHERE RESERVE

TRANSPORTATION INCLUDED

“Feel like an adventurer with young bright guys making sure you are safe and cheering you on! I’m a 41 year-old-woman. I never thought too much about zip-lining, but I wanted to do something fun. It was 9 or 10 zip lines, rock climbing, rappelling and crossing a gorge while balanced on two cables. It was amazingly fun! It’s a carefully-designed business that depends on the enthusiastic people who take you on the course... and they are having the time of their lives. GO! It will be worth every penny.”

Clawver, San Diego. Feb 10, 2010.
