CABO SAN LUCAS

DIAMANTE LIFE

Diamante Cabo San Lucas is a private oasis amidst Baja's utopia of sun, sea and sand. Located approximately four miles from the Cabo San Lucas Marina, and represents the next stretch of development along the Pacific Ocean. Unique in its beauty, this private community spans more than 1,500 acres including its breathtaking private beach, undisturbed dunes, and exotic Baja desert.

Here, you'll find the crowning achievement of one of Golf's most distinguished players and course designers in a beachside haven that is both dignified and majestic. Gentle sand dunes—many barely disturbed—envelop a links course that rivals the finest that the tradition has to offer. Pristine desert, private beach, and turquoise blue waters surround you at every turn. Yet you're barely more than a 3 wood's distance to the heart of Cabo San Lucas. Experience the timeless allure of Cabo at Diamante.

DUNES COURSE

Pacific coastal dunes, the bio-diversity of the Baja Peninsula desert and the hilly terrain surrounding Cabo San Lucas provide a rich and dramatic setting for a golf course that is destined to be included in the discussion of the world's best.

Created by 20-time PGA Tour winner Davis Love III and his team of designers, the Dunes Course at Diamante will combine the values of the best links layouts in Scotland and Ireland with the year-round tropical weather of Mexico.

"[Diamante owner] Ken Jowdy has provided the Love Design team an amazing opportunity to create one of the most challenging and breathtaking courses in the world," Love says. "The property is truly spectacular. It will blow away everyone's perception of resort golf."

The impending masterpiece will features 18 distinct holes, with emerald green fairways, inviting greens and endless views of the Pacific.

"You are either playing towards the ocean, along the ocean or away from the ocean," Love says. "And then, at times, you're down in the dunes and you pop up and are surprised by the view of the ocean. (. It's groundbreaking to put a course like this in a resort area like Cabo."

PRACTICE FACILITY

The Diamante Dunes course is complimented with a very unique and distinctive practice facility that features four separate group hitting bays, two main driving ranges, a secluded short game area for chipping and putting and Diamante's popular Slider Bar.

The hitting bays are unlike anything found in Mexico, with large stone formations providing a private and festive area for a small or large group of players. Delicious local fare and beverages will be served by the Slider Bar chef. A personal caddie/service assistant will provide everything one may need as you prepare to answer the challenge of the Diamante Dunes links.

Both group and private golf instruction is available from our PGA golf professionals.

“When I first arrived on [the Diamante] site and we rode over this hill and I could see the sand dunes in the distance, it was like pulling up to St. Andrews or Shinnecock Hills. It's groundbreaking to put a course like this in a resort area like Cabo.”
